

CURRICULUM POLICY

RATIONALE:

Curriculum covers all the arrangements the school makes for students' development and learning. It includes the course content, student activities, teaching approaches, the way in which teachers and classes are organised and decisions on the need for and the use of facilities and resources. Our school encourages its students to strive for excellence in all of their endeavours. To achieve this, the school provides sequential teaching and learning programs that deliver a comprehensive, broadly based and inclusive curriculum. Each year the school will map out its curriculum offerings in the form of a curriculum overview.

AIMS:

- To provide a broad offering of programs to meet the demands of students
- To ensure that school curriculum programs are designed to enhance effective learning
- To implement the Victorian Curriculum from Years F to 6 at our school

The Victorian Curriculum will be used as a framework for curriculum development and delivery at years F to 6 in accordance with DET policy and guidelines.

Our school will provide a variety of programs that will address the specific needs of students in relation individual differences, disabilities and impairments and students from language backgrounds other than English.

Our school will identify and cater for the different needs of particular cohorts of students when developing its curriculum plan.

Our school when developing its Curriculum Plan will provide at least 25 hours of student instruction per week.

The staff will undertake a review of the current curriculum plans in term 4 during team meetings when undertaking planning for the following school year.

The DET requirements related to the teaching of Physical Education, Sports Education, LOTE and EAL will continue to be implemented.

The use of Information and Communications Technology (ICT) will continue be integrated across the curriculum to support the improvement of teaching and learning outcomes.

The Staff will meet regularly in sub schools and AIP teams to track whole school data and identify potential curriculum areas that require focus.

Student learning outcomes data will be reported in the Annual Report to the School Community provided to DET, and also available on the school website.
